### President's Message

— by Jack Martin

Our January meeting was an excellent, with good attendance, and Herb Stoops' usual outstanding program with multiple examples of Band Saw Boxes that he produced for the program. Thank you, thank you, Herb for sharing with us your excellent program. Additionally, the Guild had it's our 1<sup>st</sup> raffle drawing that was very successful. Two members won gifts....first was a set of calipers donated by Ron and Michelle Hall (Woodcraft Supply) and second prize was \$ 25.00 Woodcraft Supply Gift card. We had \$ 52.00 in ticket sales and netted \$27.00 for the Guild's treasury. We plan to continue to have raffles at our meetings and if you have a item you would like to donate it will be appreciated. Last but not least, special thanks to Ron and Michelle Hall for hosting the meeting and providing a prize.

### Woodworking Show at Seattle Center April 17, 18, & 19<sup>th</sup>

This will be an important show for the Guild to recruit new members. **We need your help in manning our booth, set up and tear down of the booth, and someone to manage the show since I will be out of town. Also, The Woodworking Show** is asking us to have our members participate in Strolling Seminars that are geared to attract attendees to our booth. Strolling Seminars are designed to introduce Novices to Woodworking. Examples include "Preventive Maintenance for tools", "A beginners guide to identifying woods", "Sharpening tools" etc, etc. My understanding is we should offer three strolling seminars per day lasting about 15 minutes each at our booth. **A sign up list will be available at our February meeting for you to volunteer for our needs listed above.....we need your help, please sign up.....thank you.**

## Request from Al Falco

I am putting together a presentation for the March Woodworkers Guild meeting and need your help. The topic of this presentation will be shop built jigs and fixtures. I will be sharing a mortising jig and a radius jig, both for use with a router, but I will need a few more items to fill out the presentation.

If you have built a jig, a fixture, or a special tool of any kind and would like to share it with our group, call me (Al Falco) at 206-242-6557 or you can e-mail me at [cabinet\\_maker@comcast.net](mailto:cabinet_maker@comcast.net). Let me know what your jig, fixture, or tool can do and approximately how much time you think you will need to show it off at the meeting, and I will do the rest. Remember, the meeting is in March!

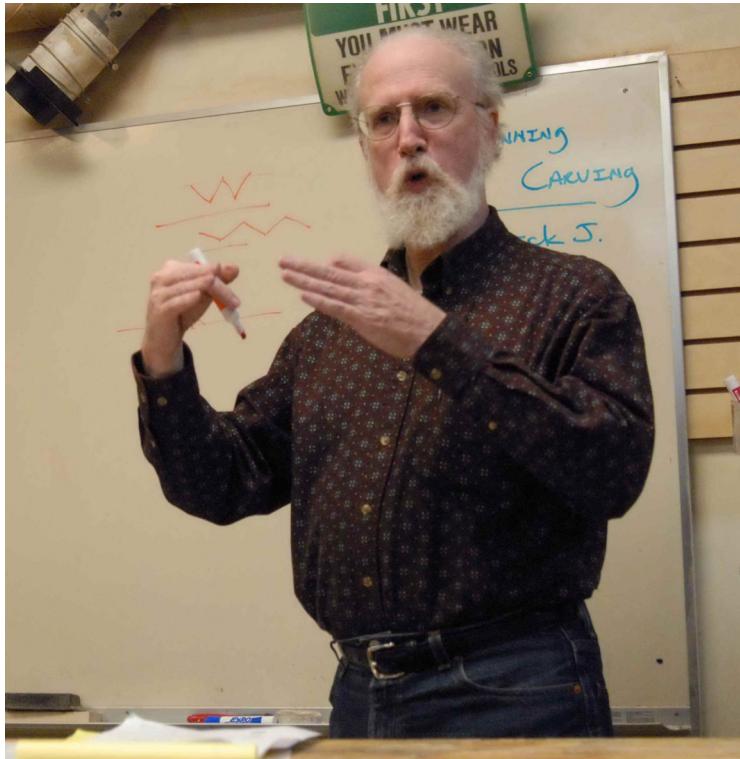

## Directions to Woodcraft Supply

From I-5: Take the Michigan Street Exit. Just before the traffic light on Michigan, you will see Woodcraft Supply in the shopping center on your right. The address is 5963 Corson Avenue, Seattle, 206-767-6394.
