Request from Steve Krauss, Editor

I will not be able to attend the March meeting, and I would like to have photographs to put in the newsletter in April. I would appreciate any or all contributions of photographs by fellow members to brighten the pages of the Sawdust News.

HEADS UP FOR APRIL PROGRAM! The subject of the April program is "Shop Tips". Hopefully this will be an interesting program . . . with some audience participation. I am David BEYL the April program presenter and requesting member input. What is a shop tip? Certainly you have read or seen many woodworking shop tips in all the popular media. It is usually the first thing I look at in a new magazine. I often think . . . "Why didn't I think of that?" Shop tips may be about safety, efficiency, labor saving methods etc. I am asking members to bring their favorite shop tips to the meeting. I'm looking for that original, never-seen-before moment. Perhaps the guild could put out a Shop Tip Book? Think about it.
